

Question :

- A Cyan Colored Car was seen crying, as he lost his master. He has to find his master to return back to him. Can you help him to find his master's name ?
- 12.8315802,80.0709381

Solution :

- The **numericals** provide in the question represents the **co-ordinates of the location** where the **car is parked**.
- **Copy** the co-ordinates and **paste** it in google maps.
- The location will be marked and use **street view** option to look deep into the location.
- You can see the car with the color mentioned in the question. Note down the car's registration number (**TN 07 AP 4708**) and search in vehicle information app.
- You'll get the information of the car including the **owner's name**.

- Copy the owner's name and paste it in **BFF{OWNERNAME}** format to complete the flag .
- Flag: **BFF{NANDAKISHOREMURALIDHARAN}**
